How You Can Effectively Raise Your Business Revenue

Professional Services & Scientific

Kate is a business owner in the professional services, scientific industry. Her interest is in organizations and its people. Her fledgling company had an annual growth rate of 2%.

Kate connected with Business-Accelerated®.

In her first quarter working with us, Kate's revenue grew from 2% to 23% using our One Hour Business Plan.

Kate's revenue grew from 2% annual rate to 23% within her first 90 days.

We worked with Kate to create her commercialized asset portfolio that produced a conservative annual yield of 25%.

Media and Entertainment

In the Media & Entertainment industry, Jason's business realized annual net revenues of 8%.

His inconsistent cash flow oscillated between positive and negative. Jason

wanted balance. The business wanted efficiency. When Jason hired Business-Accelerated® he wanted two results: improved marketing and consistent cash flow.

We enrolled Jason's business in our Small Business Case Study Marketing intensive program. His Digital Revenue Design model was customized to integrate with his marketing system. Jason's redesigned portfolio resulted in a 64% increase in his revenue.

Financial Services

George was a new entrant in financial services industry. He positioned his business in the insurance space. George's legal background helped him establish a foundation for his intellectual property goal. His challenge was how to monetize his work into a viable product.

The Business - Accelerated Company

After meeting Business-Accelerated® at a small business event, George hired our firm.

In our discovery stage with George we identified independent segments in his portfolio with high growth potential. We established a three year graduated value growth forecast for the IP portfolio at a rate of 18%.

Ecommerce, Internet

Hansjorg, a German mobile app developer, moved to the U.S. with his family. As an experienced multinational professional, Hansjorg's goal was raising his app's visibility with small business owners in local markets within.

His development business earned 6% in the first quarter of his start-up.

He wanted his business to have an internet presence but did not have the time learn internet marketing. Through his internet organic search, Hansjorg found Business-Accelerated®.

Hansjorg hired us to help him start his online marketing to reach the top of search engines and be first choice over other app developers.

In less than 72 hours we raised Hansjorg's app visibility with our marketing system.

He doubled his earnings to 12% in our first month of work with his business.
